# Comedy Classes & Workshops

Welcome to Flappers University  
Where Learning is a Joke!

We believe that comedy is truly an art-form, a combination of raw talent and technique. Talent can be lost without technique, so we teach joke structure first and the basic language of comedy. What makes a great comedian is being personal and authentic and, perhaps, a rule-breaker, so we provide a safe and fun environment where you can be authentic, inspired and successful.

Whether you are a working comedian looking to improve your career, simply need help with your next presentation. or simply just want to come and have fun, young or old we can help you find the path to funny.

After Graduating from Flappers University our Students have booked worked on:

## DAYTIME | NIGHTTIME | ANYTIME SESSIONS

Corporate leadership is all about motivation and connection. We teach fun, challenging, and engaging improv exercises to motivate and bond your team(s). Let us help you plan a day that your group will never forget.

Improv games illustrate what it means to see communication all the way through, take ownership of a project, and listen to new ways of interacting with corporate culture and discovering new innovative ways to work with others.
